

WATERFRONT DRIVE

City of Winnipeg

Winnipeg, Manitoba

Project Description

KGS Group along with Scatliff+Miller+Murray Landscape Architects were retained by the City of Winnipeg to provide design and contract administration services for a \$9.1 million development of the waterfront in the historic Exchange District of Winnipeg. Waterfront Drive is located on the west bank of the Red River and extends from Lombard Avenue to Higgins Avenue. The project consists of the construction of a new street, along the river with pedestrian pathways and docks along the banks to improve people's use and enjoyment of the riverbank park and to encourage building development on the west side to face the new Waterfront Drive. KGS Group were the Project Contract Administrators and were responsible for all environmental approvals, geotechnical investigations and riverbank stabilization, structural design of docks and architectural features, electrical design of street lighting and services, as well as the municipal and transportation design of streets, utilities, sewer and water services.

The project was awarded the Award of Merit in the Infrastructure category at the 2004 Consulting Engineers of Manitoba Awards of Excellence.
